

Congratulations to the Sacred Heart Girls' College Graduating Class of 2022

Mr Christopher Dalton

It is with great pride that I share the VCE results of our graduating Class of 2022. Reflective of their hard work and dedication to their studies, these excellent results demonstrate once again the value of a Sacred Heart Girls' College education. As always, I acknowledge and thank their teachers and families who have supported their learning throughout their time at the College.

This year our College Dux is Caroline Fredericks with an ATAR of 99.1. Remarkably almost 1 in 4 of our students received an ATAR over 90 and the median ATAR for the Class of 2022 is 79.4.

On behalf of everyone in our community, I congratulate the Class of 2022 and wish them well, knowing that they will continue to always strive upwards and to share their many gifts with the world.

Mr Christopher Dalton
Principal,
Sacred Heart Girls' College
